

MGA 9 CHICAGO TOURNAMENT

The format for the tournament is as follows:

Each member of a three- or four-man team will hit his own ball throughout the round beginning on the 10th hole. If you are on a three-man team, golf genius will assign a blind as a member of the fourth team

The Chicago Format considers a team members handicap for scoring.

Just enter each team member's gross score per hole. The pro shop will enter each team members gross score in the GHIN system. The golf Genius System will calculate each team members net score per hole and then convert your net score to point totals you have earned per hole.

Points are awarded as follows:

+ 8 points for a net score better than an eagle, + 6 points for net eagle, + 4 points for a net birdie, + 2 points for a net par, +1 point for a net bogey, 0 points for a net bogey or worse.

The golf genius will add together the best 2 members net points per hole.

Then it will add all holes together in order to determine the team score

Finally, it will identify the first, second, and third place teams and the dreaded last place team.

A breakfast ball mulligan on the first tee only is allowed and 2 anytime Mulligan may be used for this format. Any Mulligan used is the ball in play.

Bunkers are in play
