

Downloading and Using Golf Genius App

For 2019 the Club has upgraded to the Premium version of Golf Genius. While there are many advantages to the premium version the most significant impact on our members is the ability to now use the mobile app and not having to sign on to the golf genius website to sign up for tournaments. The following will describe how to download and use the golf genius app.

The App is available for both the iPhone/iPad and for Android devices.

In either the App Store or the Google Play Store search for “Golf Genius” and select “golf genius software, LLC”, then select “Golf Genius”.
