

2 MAN SCRAMBLE

Both players hit a tee shot then select the ball in the best location. Both players hit their second shot from that location. This procedure is continued until the ball is holed out.

The lie of the ball may be improved up to one club length, no closer to the hole, throughout the golf course. However, both players must play from the like condition of the selected shot (fairway from fairway, rough from rough, penalty area from penalty area, etc.).

Teams must exchange scorecard. Record the teams gross scores. The net score will be determined subtracting the team handicap as determined by the USGA formula, which is 35% of the "A" player and 15% of the "B" Player.
